The Tucson Section of the American Institute of Aeronautics and Astronautics (AIAA) Proudly Present

Kids Club
2015-2016

A fun and interactive way for kids to learn about math, science and aerospace! The program is geared for children grades 3-6. Sessions are fun, entertaining and educational. Learn how to fly a plane! Build and launch rockets! Hands-on aviation art workshop!

Sessions are Saturdays from 1-4pm at the University of Arizona’s Kuiper Building
October 17
November 21
January 30
February 27
March 26
April 23
May 21

Cost is $45 per child for all seven sessions (discount for 2nd child in family). Scholarships are available.

Class size is limited – sign up at:
